LAUNDRY SERVICE GREATLY IMPROVED BY CHRISTENSEN

L. Christensen, known to nearly every resident of Tonopah by reason of his long association with the Tonopah Laundry, and who is now conducting that institution on his own account, is installing new equipment and generally improving conditions, both as regards finished work and service. Mr. Christensen is a young man of sterling integrity, possessed of keen business foresight and judgment and is building up a business that is a great credit to Tonopah. New innovations in laundry service are being introduced, prices are being equalized with service being equalized with service. Since he assumed charge of the laundry through purchase agreement on October 1, 1921, Mr. Christensen has greatly improved the laundry by adding new equipment. Having driven one of the service wagons for several years, he readily foresaw the needs and wishes of the patrons, with the result that today he is enjoying most liberal patronage. However, he is so progressive and enterprising that the people are at last awakening to the fact that the Tonopah Laundry service is equal to that of a city many times the size of Tonopah, and for that reason the business is rapidly expanding, reaching to many sections of southern Nevada.

By patronizing home industries that are conducted along broad lines, such as introduced by Mr. Christensen, the success of the Tonopah Laundry is now assured.
